In the Photograph:

The "Alphabet 02" is stitched on 18-count Aida over two threads. I used DMC floss:

- 2 strands for backstitches
- 1 strand for French knots

Description:

Line letters, standard/straight

Characters Included:

- Upper Case Letters
- Lower Case Letters
- Numbers
- Punctuation

Height:

- The upper case letters are 2 stitches high.
- The lower case letters without ascenders or descenders (ex: a, c, o) are 1 stitch high.
- The lower case letters with only ascenders (ex: b, d, h) or only descenders (ex: g, p, y) are 2 stitches high.
- The lower case "j", with both a descender and a dot above it, is 3 stitches high.

Width:

Most of these letters are one square wide, which makes them perfect for signing your cross stitch projects with your name or initials. They are also perfect for text in the Baby Hearts.

Stitch Complexity:

- Backstitches
- French knots

Learn any unfamiliar stitches by clicking on the "How To..." button on the left menu of the Home page.

Floss:

It is assumed that you will change the floss color to reflect your tastes and to coordinate with the rest of your project. Use the same number of strands that you are using throughout the rest of your cross stitch pattern.

How to Fit Text into a Design:

To learn how to select and adapt cross stitch alphabets, click on the "Alphabets" button on the left menu of the Home page. Thoroughly read "The 123's of the Counted Cross Stitch Alphabet."
