In the Example:

Many times, you'll want to personalize your cross stitch project with an alphabet that is not stylized. "**Alphabet 25 - Basic Block 11 ct**" fits the bill. It is a standard letter set that fits easily into most any cross stitch design, while not detracting from the design around it.

As a bonus, this alphabet uses "small caps" for the lower case characters, providing you with yet another alphabet to use when you need letters only 7 stitches high.

When stitched on 14-count fabric using DMC floss, use:

- 2 strands for cross stitches
- 1 strand for backstitches

This is an easy to stitch alphabet that uses only full cross stitches and backstitches. If these stitches are unfamiliar to you, click on the "Backstitch" and the "Cross Stitch" buttons on the left menu, under the "Tutorials" section.

Floss:

It is assumed that you will change the floss color to reflect your tastes and to coordinate with the rest of your project. Use the same number of strands that you are using throughout the rest of your cross stitch pattern.
